Council of Mayors Executive Committee
Report to the Transportation Committee
August 20, 2010

The Council of Mayors Executive Committee has not met since your last meeting. The Planning Liaisons from all Councils continued to provide General Liaison and Technical Assistance services. The PLs implemented active program management for the STP, ARRA and CMAQ projects. They continued to monitor and participate in significant regional issues, including the STAR Line Mayors Task Force, the CREATE Task Force, the IDOT I-290 planning process, the Cook-DuPage Coridor and the next phases of IDOT's Elgin O'Hare-West Bypass study. The PLs are monitoring the status of federal transportation legislation, including potential additional stimulus funding and reauthorization.

The next Council of Mayors Executive Committee meeting is scheduled for September 28.
